Dear Shareholder,

Proposed new investment management agreement, new administrative services agreement and notice of General Meeting

1. Introduction

I am writing to you to provide details of a proposed new investment management agreement and new administrative services agreement.

As announced by the Company on 13 May 2020 following a tender process for the position of the Company's investment manager, it has re-appointed, subject to Shareholder approval, Edge Investments Limited ("Investment Manager") under substantially revised investment management arrangements including a reduction of the 'I' Share class annual management fee from 1.75% of NAV to nil, and the removal of the cost cap and the performance incentive fee relating to the I Shares. A new administration agreement will also be entered into, subject to Shareholder approval, with a company connected to the Investment Manager, under which the annual administration fees will be reduced to £50,000. Further details of these proposed arrangements are set out below.

2. Existing IMA

On 8 November 2013, the Company and the Investment Manager entered into the Existing IMA, certain provisions of which have since been varied by agreements dated 3 August 2016, 31 October 2017, 15 May 2018 and 27 September 2018, pursuant to which the Investment Manager provides discretionary investment management services to the Company.

The Investment Manager's appointment was for an initial period ending on 11 April 2018 in respect of the I Shares and 11 April 2019 in respect of the H Shares and, thereafter, may be terminated by either party on 12 months' notice, provided that neither party may terminate the Investment Manager's appointment in respect of one class of Share unless it simultaneously also validly terminates the Investment Manager's appointment in respect of any other classes of Shares.

The Investment Manager receives (a) an annual management fee of 1.75 per cent. of the NAV attributable to the I Shares, plus VAT (if applicable); (b) an annual management fee of 2.25 per cent. of the NAV attributable to the H Shares plus VAT (if applicable); and (c) a performance incentive fee in respect of the H Shares which is outlined in more detail below.

If the annual running costs of the Company in any year exceed 3.75 per cent. of the NAV of the Company (the "Annual Running Costs Cap"), the Investment Manager will be responsible for the excess, by way of a reduction in its annual management fee for the following year, and to the extent that the excess is greater than the annual management fee for that following year, by a payment by the Investment Manager to the Company of the balance of such excess. For these purposes, annual running costs of the Company include, amongst other things, the annual management fees described above, the administrative services fee described below, Directors' remuneration, company secretarial and accounting fees, audit, taxation advice, sponsor's and registrar's fees and the costs of communicating with the Shareholders, but exclude irrecoverable VAT, trail commission payable to financial intermediaries and the Investment Manager's performance incentive fee described below. Any such excess payment is carried forward and can be recouped by the Investment Manager in future years to the extent that annual running

costs in any future year are below the Annual Running Costs Cap. At 29 February 2020 the excess payments which may potentially be recouped by the Investment Manager totalled £142,258, which will increase to £207,258 once the excess amount of £65,000 for the year ended 29 February 2020 has been paid by the Investment Manager.

Unless otherwise agreed from time to time between the Company and the Investment Manager, the Investment Manager will be responsible for external costs, such as legal and accounting fees incurred in relation to the negotiation and (if applicable) completion of all VCT-qualifying investments. The Investment Manager retains the right to charge arrangement, monitoring, syndication, exit and directors' fees to the businesses in which the Company invests. Such charges are in line with industry practice and the arrangement fees typically amount to between 1 per cent. and 3 per cent. of the amount of each investment plus VAT (if applicable). The Investment Manager will normally nominate one of its directors to act as a director of each investee company.

In respect of the H Shares, once and for so long as cumulative dividends paid or declared equal or exceed an average of 7p per H Share per annum, calculated from 5 April 2012, the Investment Manager will receive a performance incentive fee equal to 19 per cent. of the NAV per H Share in excess of £1.00. Once and for so long as cumulative dividends paid or declared equal or exceed an average of 14p per H Share per annum, calculated from 5 April 2012, the Investment Manager will receive a performance incentive fee equal to 29 per cent. of the NAV per H Share in excess of £1.00.

There is no performance incentive fee in respect of the I Shares.

3. Existing ASA

On 18 February 2013, the Company entered into the Existing ASA with the Investment Manager, with effect from 1 March 2013, pursuant to which the Investment Manager provides administrative and related services to the Company. The appointment may be terminated by either party on 12 months' notice. Under the Existing ASA, the Investment Manager will receive an annual fee of £275,000 (plus VAT, if applicable) in total (across all classes of Shares) to be adjusted annually in accordance with the Retail Prices Index ("RPI"). The annual fee payable for the year ending 28 February 2021 is £324,419 (plus VAT, if applicable).

4. Reasons for the proposed new IMA and new ASA

As part of the Board's overall review of costs and the Company's operations, the Directors held discussions with a number of other potential investment managers during December 2019 and January 2020. This led to a formal tender process in April and May 2020.

Following that process, the Board concluded that the best course of action would be to reappoint the incumbent Investment Manager under the terms of the New IMA, and to appoint FAS under the terms of the new ASA, for the following principal reasons:

- The Board believes that the incumbent Investment Manager is best placed to maximise the value of the Company's investment in Coolabi Group Limited, being by far the single largest holding in the Company's investment portfolio (the value of which represented almost 70% of the Company's net assets as at 29 February 2020). Any alternate appointment could, in the Board's view, jeopardise the Company achieving best value for this investment in a timely manner.
- The Board is of the view, having regard to the need to maintain an appropriate level of diversification across the Company's portfolio, that any new investments by the H Share fund would each be very limited in amount, and with little or no ability for the Company to make follow-on investments, if desired. There is a co-investment policy in place between the Company and Edge Creative Enterprise Fund LP ("ECEP"), a larger venture capital fund also focussed on the creative industries, and which is managed by a company under common ownership with the incumbent Investment Manager. Through this co-investment policy, which would cease if the incumbent Investment Manager were no longer the Investment Manager, the Board believes that the Company is able to participate in investments which would not otherwise be available to the H Share fund on its own.

Consequently, on 13 May 2020, the Company entered into the New IMA and New ASA, which are subject to the approval of Shareholders and will result in the further benefits for the Company set out in paragraphs 5 and 6 below.

5. New IMA

It is proposed that, subject to the passing of the Resolutions at the General Meeting, the New IMA will replace the Existing IMA. The main differences between the Existing IMA and the New IMA are as follows:

Management Fee

With effect from 1 March 2021, there will be no annual management fee in respect of the I Shares. The annual management fee relating to the H Shares will remain the same, namely 2.25 per cent. of the NAV attributable to the H Shares plus VAT (if applicable).

Annual Running Cost Cap

The Annual Running Costs Cap will cease with effect from the commencement of the New IMA. In the year ended 29 February 2020, the relevant running costs of the Company were equivalent to 3.98% of NAV (the NAV as at 29 February 2020), being £1,134,082 per annum. The Annual Running Costs Cap will be reintroduced on the same terms as previously (at 3.5% of NAV) for the Company's accounting period ending on 28 February 2023 or, if earlier, when the net proceeds of any share offer by the Company results in the net assets attributable to the H Shares for an accounting period exceeding £11,426,053.

Costs in excess of the Annual Running Cost Cap

Excess payments by the Investment Manager in respect of past years and which are still potentially recoverable from the Company by the Investment Manager under the Annual Running Cost Cap arrangements, totalling £207,258 after taking into account the £65,000 excess payment to be made by the Investment Manager for the year ended 29 February 2020 (which will be paid within 21 days of the Company's 2020 annual general meeting) have been written off, and will accordingly no longer be recoverable by the Investment Manager.

Term

The Investment Manager's appointment will be treated as having commenced on 13 May 2020 (subject to Shareholder approval) and will continue until the first accounting reference date of the Company falling no less than twelve (12) months after the date of service by either the Company or the Investment Manager on the other of notice of termination of the Investment Manager's appointment.

Save in respect of the above provisions, the provisions of the New IMA, including the performance incentive fee relating to the H Shares (see above for details, under the heading "Existing IMA") are the same as the Existing IMA.

6. New ASA

It is proposed that, subject to the passing of the Resolutions at the General Meeting, FAS shall take over the provision of administrative and related services to the Company with effect from 1 March 2021. FAS is currently wholly owned by David Glick, who is also the controlling shareholder and a director of the Investment Manager. The differences between the Existing ASA and the New ASA are as follows:

Administration Fee

The administration fee is to be reduced from £275,000 per annum (with increases linked to RPI, resulting in a fee for the year ending 28 February 2021 of £324,419) to £50,000 per annum (with no increases linked to RPI).

Term

FAS's appointment will commence on 1 March 2021 and will continue until the first accounting reference date of the Company falling no less than twelve (12) months after the date of service by either the Company or FAS on the other of notice of termination of FAS's appointment.

Save in respect of the above provisions, the provisions of the New ASA are the same as the Existing ASA.

7. Shareholder Approval

Under the Listing Rules, the Investment Manager is a related party of the Company. FAS is also a related party of the Company as FAS is owned by a former director of the Company, David Glick, who ceased to be a director of the Company within the past 12 months and, therefore, both the New IMA and New ASA constitute related party transactions requiring the approval of the Independent Shareholders under the Listing Rules. David Glick is also,

indirectly, the majority shareholder of the Investment Manager. For the purpose of determining what action the Company is required to take in respect of the New IMA and the New ASA, the Listing Rules require them be aggregated with each other, as they are both arrangements with entities connected to David Glick. Accordingly, both the New IMA and the New ASA are subject to the approval of Independent Shareholders at the General Meeting.

8. Risk Factors

If the Resolutions are not passed, the Existing IMA and the Existing ASA will continue and the benefits that will result from the New IMA and the New ASA will not be received. If the Resolutions are passed, dependent on when any notice is served, the applicable notice periods under both the New IMA and New ASA may be extended beyond the current rolling 12 months.

9. General Meeting

General Meeting

Pages 11 and 12 of this Circular contain a notice convening the General Meeting of the Company to be held at 10.00 am on 28 August 2020, where the Resolutions will be proposed to approve the New IMA and the New ASA.

10. Action to be taken by Shareholders

It is important that you complete the Form of Proxy and return it to The City Partnership (UK) Limited, Suite 2 Park Valley House, Park Valley Mills, Meltham Road, Huddersfield, HD4 7BH so as to be received as soon as possible, and in any event by no later than 48 hours prior to the time of the General Meeting. Please see note 6 in the Notice of General Meeting for alternative options for submitting your proxy vote (including electronic appointment). Due to the Government restrictions on meetings, attendance at the General Meeting will be limited to the minimum quorum required being present which will be made up of Shareholders who are Directors. To minimise this impact, the Board actively encourages Shareholders to vote by proxy, and where possible, to vote by proxy online.

11. Recommendation

The Board considers that Resolution 1 to approve the the New IMA is in the best interests of the Company and the Shareholders as a whole and recommends that Shareholders vote in favour of the Resolution.

The Board considers that Resolution 2 to approve the the New ASA is in the best interests of the Company and the Shareholders as a whole and recommends that Shareholders vote in favour of the Resolution.

The Board, which has been so advised by the Sponsor, believes that the New IMA and New ASA are fair and reasonable as far as the Shareholders are concerned. In providing its advice, the Sponsor has taken into account the Board's commercial assessment of the New IMA and the New ASA.

General Meeting

All of the Directors intend to vote in favour of the Resolutions to be proposed at the General Meeting in respect of all their own aggregate beneficial shareholdings of 8,361 H Shares and 83,359 I Shares, representing approximately 0.072 per cent. of the issued H Shares and approximately 0.114 per cent. of the issued I Shares, and in aggregate representing approximately 0.108 per cent. of the total issued Shares.

The Investment Manager has undertaken to take all reasonable steps to ensure that its Associates and David Glick will not vote on the Resolutions.

Yours faithfully

Terry Back
Chairman
